A photograph of a tree silhouette against a bright, hazy sky with mountains in the background. The tree is on the left, and its branches are silhouetted against the light. The sky is a pale, hazy yellow, and the mountains in the background are dark and silhouetted. The overall mood is serene and contemplative.

Student Government Association

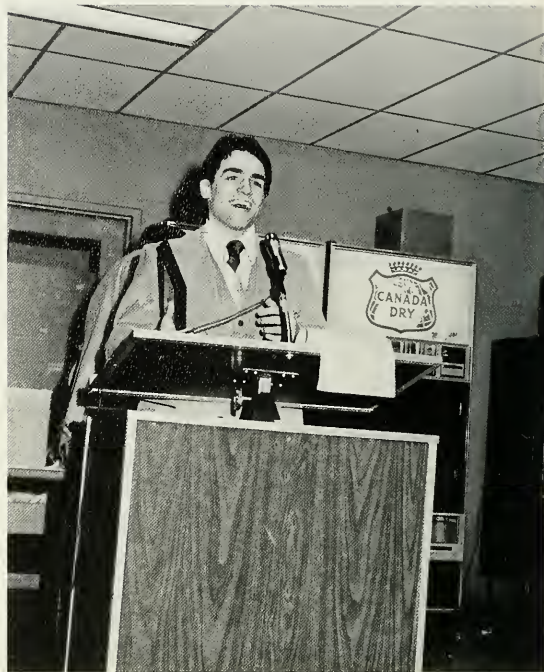

The 1977-78 S.G.A. was to become famous for its B.S.C. shuffle. Half way through its term of office Executive council members were shuffled from one title to another. What will not be forgotten is the Trampps Concert held in November 1977. After all has been said and done, or not done, members in the council did work to their best of their ability in the interest of the student body.
